**Free 24/7 online monitoring of your printer. Never need to call for service or supplies again.**

Printerpoint is a cloud-based management software for large-format printers. It gathers real-time information from all printers in your organization and sends it to our support team. This helps us anticipate your needs and prevent service interruptions.

**Benefits of using Printerpoint:**

- **No more service panic** — You don't have to monitor or call for service - the program will do it for you. CSDS will get alerts from the printer before you're aware of an issue.
- **Always have ample supplies** — Printerpoint remotely monitors supply usage and notifies us when ink/toner, paper, and other consumables are needed.
- **Receive accurate billing** — Your ink/toner and paper usage is automatically tracked for precise meter readings every billing cycle.
- **Trusted by leading brand dealers** — Printerpoint is compatible with HP, Canon, and Xerox.

**Don't have the FREE CSDS Printerpoint software yet?  
Call 1.888.243-1414.**

Get the wide format printing solution you need at a price your business can afford.

## EZ PRINT

Our team will work with you to determine the best print technology that is most suitable for your business needs and provide you with a customized solution that includes the printer, service, ink or toner, and paper.

You'll get the complete package at an affordable monthly rate that contains no unexpected costs. You can easily upgrade or adjust your plan based on your business or financial circumstances.

- **Flexibility** — Pay as you go. Easily adjust your plan.
- **Cost-effective** — Affordable monthly rates.
- **Latest technology** — Best-in-class print solutions without any long-term financial commitment

**It's easy to get started. Call 1.888.243-1414.**

**Protect your investment. Get the best defence against downtime.**

## **CSDS PROTECTION PLAN (CPP)**

Your business can't afford disruption. Delays could potentially cost an entire project. The CSDS Protection Plan (CPP) offers you better protection and service than standard manufacturer's warranties.

- **Remote Assistance Applications limits downtime**  
– Smart online program notifies technicians prior to maintenance so parts can be ordered in advance and arrangements made ahead of the service call.
- **Priority Repair** — Expedited service on all your repairs.
- **Next Business Day Service** — Service expectation by next business day in major centres.
- **Free Telephone Support** — Phone response by technician within 4 hours.
- **Includes Parts and Labor** — All parts and labor included unless otherwise stated.
- **Convenient Billing Options** — Choose whether you pay annually or monthly, whatever fits your budget best.
